

Bhadani Tirth

Information Technology — Java Developer — Spring Boot Engineer

☎ +91-7801977543 ✉ bhadanitirth@gmail.com 🔗 linkedin.com/in/bhadani-tirth 🐙 github.com/Bhadanitirth

PROFESSIONAL SUMMARY

Meticulous Information Technology student with strong expertise in Java development, specializing in Spring Boot and REST API integration. Experienced in designing and developing full-stack applications with React.js for dynamic front-end interfaces and Spring frameworks for robust backend services. Well-versed in managing databases using MySQL and MongoDB, ensuring efficiency and scalability. Passionate about writing clean, maintainable code and delivering high-quality software solutions.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, C++, C, SQL
- **Frameworks & Libraries:** Spring Boot, Spring MVC, Spring Security, React.js, Hibernate ORM
- **Databases:** MySQL, PostgreSQL, MongoDB, SQLite
- **Web Technologies:** REST APIs, HTML5, CSS3, JSON
- **Development Tools:** Git, GitHub, Maven, IntelliJ IDEA, Visual Studio Code
- **Core Competencies:** Data Structures and Algorithms, Object-Oriented Programming, Microservices Architecture

PROJECTS

- **Git-Repo-Decoder — Full-Stack Developer** github.com/Bhadanitirth/git-repo-decoder
Technologies: React.js, Spring Boot, REST APIs, MySQL, GitHub API
 - Developed a GitHub analytics tool that analyzes repository data using tailored Java-based algorithms
 - Designed RESTful services to fetch and display developer contribution statistics and commit logs
 - Built interactive visualizations to represent language usage trends and commit activity patterns
 - Implemented a feature to compare multiple GitHub users by username and identify the top contributor in a selected programming language
- **Pet-Buddy — Frontend Engineer** github.com/Bhadanitirth/pet-buddy
Technologies: Spring Boot, Spring Security, REST APIs, React.js, MySQL, Stripe API, OAuth 2.0
 - Built an online platform to help pet owners easily find pet boarding houses with multiple options and filters
 - Developed a secure authentication system using Spring Security with Google OAuth for seamless login
 - Integrated Stripe API for secure payment processing in service bookings
 - Designed a role-based access control system for pet owners and service providers
- **ProConnect — Full-Stack Developer** github.com/Bhadanitirth/ProConnect
Technologies: Spring Boot, Spring Security, REST APIs, React.js, MySQL, JWT
 - Implemented secure authentication with JWT tokens and Spring Security for a freelancing platform
 - Designed a relational database schema to efficiently manage freelancer profiles and job listings
 - Developed an advanced search system with multiple filtering options using Spring Data JPA

EDUCATION

- **Bachelor of Technology in Information Technology** 2022 - 2026 (Expected)
Dharmsinh Desai University, Nadiad, Gujarat - CGPA: 8.68/10.0
- **Higher Secondary Education (Science)** 2022
B.A.P.S Swaminarayan Vidyamandir Gondal, Rajkot, Gujarat - Percentage: 76.76% (97.32 percentile)

CERTIFICATIONS & ACHIEVEMENTS

- **AWS Academy Cloud Foundations** - Amazon Web Services Certification credly.com/Aws
- **Competitive Programming:** Solved 200+ problems on LeetCode leetcode.com/bhadanitirth
- **HackerRank:** 5-star rating in Problem Solving hackerrank.com/bhadanitirth
